

SEO SYMPHONY IMMOBILIZER TECHNICAL DATA

Power supply voltage	12 V +/-25%
Current consumption when armed	13 mA
Current consumption when armed (during 30 minutes from opening the doors or switching the ignition ON)	49 mA
Current consumption when disarmed	11 mA
Range of working temperatures	-40°C ÷ +85°C
Continuous load of the relays	Max. 15 A
Transponder working frequency	125 kHz
